

Remote Access and VPN Policy

Scope

This policy applies to all employees and contractors who access Qimam Home internal systems from outside the corporate network.

Remote Access Requirements

Remote access to internal systems is only permitted through the QConnect VPN.

Multi-factor authentication with the Qimam Authenticator app is mandatory for every VPN login.

Session Limits

VPN sessions are disconnected automatically after 12 hours. Idle VPN sessions are disconnected after 30 minutes of inactivity.

Compliance

Violations of this policy are reported to the Information Security team and may result in suspension of remote access.
