

Customer Support Plans and Service Levels

Overview

Qimam Home offers four customer support plans so that households and businesses can choose the level of service that fits their needs. Every request is logged as a ticket in the support portal and measured against the service levels described in this document.

Service levels are stated either in business hours or in business days, as indicated for each plan.

Basic Plan

The Basic plan suits customers who need occasional help with orders, deliveries and product care.

Basic support plan tickets receive a first response within 24 hours. Basic support plan tickets are resolved within 5 business days.

Standard Plan

The Standard plan is intended for customers who want faster handling and direct access to support agents.

Standard support plan tickets receive a first response within 8 hours. Standard support plan tickets are resolved within 3 business days.

Standard support is available by email and live chat from Sunday to Thursday, 8:00 to 20:00.

Premium Plan

The Premium plan is designed for customers who need priority handling and round-the-clock availability.

Premium support plan tickets receive a first response within 1 hour. Premium support plan tickets are resolved within 8 business hours.

Premium support is available by phone, live chat and email 24/7.

Enterprise Plan

The Enterprise plan is designed for corporate customers who operate several sites or a large number of workstations.

Enterprise support plan tickets receive a first response within 30 minutes. Enterprise support plan tickets are resolved within 4 business hours.

Service Level Summary

- Basic: first response 24 hours, resolution 5 business days
- Standard: first response 8 hours, resolution 3 business days
- Premium: first response 1 hour, resolution 8 business hours
